

REDUCED-RATE PARKING WITH TIME CARDS

Time cards offer the possibility of parking at Vienna Airport at reduced rates. The current normal tariffs can be seen at www.viennaairport.com/parking.

Time cards have the word "Nachsteckkarte", a **number of days** and the area of validity printed on them. They can be used in **multi-storey car parks 3 and 4** and in **car park C**. During the period of validity they can be used once to replace or reduce the amount to be paid for parking. Unused time (i.e. if you pay for four days and leave earlier) will not be credited and the card will be cancelled. Time cards can be combined to pay for the parking, and excess time can also be paid for by credit card, debit card or cash. Please note that they are equivalent to cash and cannot be cancelled or replaced free of charge in the case of loss.

The minimum order for time cards is 100 cards per order! They can be obtained using the order form or directly at "Servicepoint Parken" in multi-storey car park 4 (open 24 hours a day). Payment there may be made in cash or by debit or credit card.

HOW TO USE THE TIME CARD

As you enter the car park **take a ticket** by pressing the ticket button and park your vehicle.

Before you leave, you can **pay at the machine, Service Point in multi-storey car park 4** or **at the exit itself**.

Introduce the ticket and the parking fee will be displayed. Insert the **time card** and the amount will be reduced accordingly. Remove the ticket, which is now coded to open the barrier for a short time (normally 20 minutes, longer for car parks further away from the terminals). The time card is cancelled and kept.

TERMS OF SALE FOR TIME CARDS

1. The number of days printed on the card replaces or reduces the parking fee to be paid.
2. Time cards are valid until the printed expiry date exclusively for the car parks determined before production. Customers are to be informed of the scope.
3. Vehicles parked in an area not covered by the card are subject to the full parking fee. Time cards are for single use and cannot be reused.
4. Non-used time will not be credited but completely cancelled. (Note that short-term parking in particular can result in considerable losses).
5. Time cards can be combined (e.g. 2+1 week = 3 weeks). Excess time can also be paid by credit or debit card or cash.
6. Time cards are non-cash means of payment. They are equivalent to cash, and loss cannot therefore be refunded.
7. Excess time beyond the time printed on the card will be charged to the customer and must be paid for when leaving the car park (see paragraph 5 for top-up).
8. The validity of the time card can be extended with account taken of any price increases that might have occurred in the meantime. The cards may not be exchanged for cash.
9. Flughafen Wien AG reserves the right to divert vehicles to other car parks. Possession of a time card does not guarantee a parking space.
10. Time cards are issued to customers free of charge or with a maximum handling charge of 20 per cent added by Flughafen Wien AG to the invoiced amount.
11. On receipt of the ordered time cards they should be checked to ensure that the correct quantity and category have been delivered. Complaints at a later date will not be considered.
12. The Parking Regulations of Flughafen Wien AG shall apply.
13. In the event of violations of the above terms, the agreement shall be cancelled with immediate effect and no further time cards will be issued to the orderer.
