Remuneration of members of the Supervisory Board 2022

Remuneration of the Supervisory Board is described in the remuneration policy adopted at the Annual General Meeting on 4 September 2020 and the remuneration report. The remuneration report is presented at the Annual General Meeting and then published on the company's website.

Guidelines for the independence of members of the Supervisory Board

All members of the Supervisory Board at Flughafen Wien AG who are elected at the Annual General Meeting fulfil the independence criteria in accordance with the guidelines presented in Appendix 1 to the Corporate Governance Code.

Self-evaluation of the Supervisory Board

The Supervisory Board has dealt with its activities, in particular with its organisation and its working procedure, by means of a self-evaluation. To this end, questionnaires were sent out to all members of the Supervisory Board and the result was discussed during the 214th meeting of the Supervisory Board on 16 December 2022.

Internal audit and risk management

The Internal Audit department reports directly to the Management Board and prepares an annual audit programme as well as an activity report for the past financial year. The Management Board discusses both documents yearly with the Audit Committee of the Supervisory Board. The effectiveness of risk management is assessed by the auditor based on the documents presented and any other available information. This audit report is submitted to the Management Board and the Chair of the Supervisory Board and then presented to all members of the Supervisory Board.

Auditor

KPMG Austria GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft, 1090 Vienna, Porzellangasse 51, was elected as the auditor during the 34th Annual General Meeting of Flughafen Wien AG and engaged to carry out the audit. Prior to being elected as statutory auditor, KPMG Austria GmbH Wirtschaftsprüfungs- und Steuerberatungsgesellschaft presented a written report to the Audit Committee:

For the 2022 financial year, expenses for the auditor amounted to T€ 232.7 for the audit of the financial statements, T€ 12.3 for other assurance services and T€ 69.7 for other services.

Compliance – Rules

The applicable regulations from the Market Abuse Regulation (MAR) were implemented by Vienna Airport in an internal Compliance Guideline. To prevent the misuse or distribution of insider information, permanent areas of non-disclosure have been established, which are supplemented by ad-hoc areas as needed.

This covers all employees and executive bodies of Flughafen Wien AG working in Austria and abroad, but also third-party service providers, who have access to inside information.

A variety of organisational measures and control mechanisms have also been implemented to monitor these processes on a regular basis.

The compliance officer of Flughafen Wien AG prepares an activity report and reports to the Supervisory Board on a yearly basis.

Insider information and directors' dealings

Insider information is published on the company's website in addition to the legal channels provided for this purpose. In the 2022 financial year, there were no known purchases or sales of shares in Flughafen Wien AG by members of executive bodies or managers (directors' dealings) that would be required to be published in accordance with the provisions of the Stock Exchange Act.

Diversity

Diversity is a central issue for Flughafen Wien AG. Its importance is demonstrated, for example, by the fact that over 75 nationalities are currently represented among the employees of Flughafen Wien AG and its subsidiaries. All service processes run smoothly in spite of the great cultural diversity thanks primarily to the comprehensive training measures that make it easier for employees to integrate and understand their duties. In this respect, the integration of weekend workers from eastern Slovakia to cover the peak summer period was a successful project in 2022.

Professional qualifications and personal competence are the key criteria when it comes to the composition of the Management Board and the selection of candidates for the Supervisory Board. Diversity is also taken into account with regard to aspects such as gender and educational and professional background. In the last financial year, 40% of the shareholder representatives of the Supervisory Board were women. Two shareholder representatives of the Supervisory Board do not have Austrian citizenship.

Promotion of women

The proportion of women within the Flughafen Wien Group was approximately 27% in 2022. This low rate can be attributed to the proportion of specialist activities at Vienna Airport – two thirds of employees working at the airport perform heavy manual labour. In order to make Vienna Airport a more attractive employer for women as well, specific measures have been implemented to support work-life balance, and suitable career opportunities have been created. It is a clear goal of the company to increase the share of women – especially in management positions. The share of women across all four management levels at Flughafen Wien AG increased in 2022 and is currently 17.5%. Equal opportunities and equal treatment at the workplace are among the Flughafen Wien Group's core values. 40% of the shareholder representatives on the Supervisory Board of Flughafen Wien AG are female.

Information on significant consolidated investments

Flughafen Wien AG holds a controlling investment in Malta International Airport plc. Malta International Airport is listed on the Malta Stock Exchange and therefore has its own Corporate Governance Report, which can be found on the website of Malta International Airport plc at <https://www.maltairport.com/>.
